More than just learning to fly ...

Your Gliding Journey

at Midland Gliding Club

Looking for a one-off experience?

then try a First Flight

If you are looking for a gliding experience, whether for yourself or as a gift for a friend, then our **First Flights** are for you.

You get:

- ☑ A comprehensive pre-flight briefing
- ☑ Approximately 20 minutes flight time or two launches, depending on the conditions on the day, with an experienced pilot
- ☑ Three months' complimentary membership of the club including access to all the club's facilities
- ☑ After your First Flight, you can upgrade to our Introductory Membership package at a discounted rate if you'd like to continue learning to glide with us. Just pay the difference if upgrading within 14 days of your First Flight

Availability:

Weekends throughout the year and Monday-Friday by arrangement.

Price:

Standard First Flights £115

To Start Your Gliding Journey

Considering taking up gliding?

you need an Introduction to Gliding and Membership

Decided to learn to glide?

sign up for Introductory Membership

If you have decided to take up the exhilarating sport of gliding, this is the best choice for you. It provides a one-day Introduction to Gliding and Membership course and a full year's membership.

You get:

- ☑ The same one-day course as Introduction to Gliding & Membership
- ☑ A full year, 12 months, associate membership
- ☑ 5 hours inclusive glider flying time
- ☑ 30 minutes inclusive motor glider time to practice and perfect your stick and rudder skills
- ☑ Associate member discounts on weekday professionally lead courses
- ☑ All other fees are at the prevailing membership rates. You will pay for winch launches, currently £11.00 per launch
- ☑ After your Introductory Membership, membership and fees are at the prevailing rates

Availability:

Throughout the year but Introductory Courses take place on specific, dedicated, weekends.

Price:

Introductory Membership £480

Winch launches at £11.00 each.

Motor Glider at £90/hour

Legal Stuff:

The full-terms and conditions are available on request

How do they fly without an engine?

Questions?

Thermal Soaring

Gliders can cover large distances by climbing in thermals and gliding to the next source of lift

Hill Soaring

Wind against a hill or ridge can produce strong and persistent lift

Wave Soaring

A strong wind in a constant direction deflected by a hill moves in a wave pattern that can be used to soar to great heights

Q Can anyone have a go?

A Normally you have to be at least 12 but there is no upper limit as long as you can get in and out of the glider. Young people under 18 should be accompanied by a responsible adult. You should be under 1.9m (6'3") tall and weigh between 50kg (112 lbs) and 102kg (224 lbs).

Q What kind of weather do I need?

A We can fly most of the year round and in most conditions except extremely strong winds, rain, or snow. The ideal day is a clear blue summer sky filled with white cauliflower clouds called cumulus. We cannot however fly after dark.

Q What should I wear?

A Casual outdoor clothes are best - trousers with flat shoes or boots, and a jacket is always a good idea. Sunglasses make it easier to see and in the summer you will need a sun hat, but not a baseball cap. It is easy to get burnt on the Longmynd so always bring sun block.

Q Is it safe?

A Like any other adventure sport, gliding involves a certain amount of risk. We work hard to minimise risk and place the very highest priority on safety. You will be given a full safety briefing on arrival and all our instructors and passenger carrying pilots are endorsed by the British Gliding Association.

Q Great, how do I book?

A To find out more and to reserve your space on the package of your choice, contact our reception on 01588 650206 or via - office@midlandgliding.club
